

Program Session Day 3 - June 19, 2026			
Friday, June 19, 2026			
Welcome Remarks & "KEYNOTE LECTURES"			
Chairs: Pr. Ewa Milnerowicz (Poland), & Pr. Jørg Keckstein (Austria)			
Room: Main Auditorium			
Faculty Name	Lecture Title	Time	Duration
Pr. Arnaud Wattiez (UAE)	Strategy in Endometriosis	9:00 - 10:00	25 Mins
Pr. Sheilesh Puntambekar (India)	Pelvic anatomy – crucial point for uterine extranatology. Which genital organ functions can be preserved which not after uterine transplantation.		25 Mins
All Faculties	Q&A and Discussion		10 Mins
Friday, June 19, 2026			
MASTERING BOWEL SURGERY			
Chairs: Dr. Pawel Sekierski (Poland) & Pr. Ewa Milnerowicz-Nabzdyk (Poland)			
Room: Main Auditorium			
Faculty Name	Lecture Title	Time	Duration
Pr. Arnaud Wattiez (UAE)	Tips and tricks in bowel endometriosis surgery	10:00 - 11:30	15 Mins
Dr. William Kondo (Brazil)	Discoid resection of the bowel - are there limits to the size of the tumour or a location in which this technique can be used?		15 Mins
Pr. Mario Malzoni (Italy)	For which patients are NOSE techniques recommended and for which does the risk of complications increase?		15 Mins
Dr. Marco D'Asta (Italy)	Benefit and risk balance of shaving technique in bowel endometriosis surgery - experience in Laparoscopy and Robotics Surgery		15 Mins
Pr. Nicolas Bourdel (France) (OL)	Could AI be helpful in choosing the best surgical technique for the patients with bowel endometriosis?		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
MASTERING BOWEL SURGERY COMPLICATIONS			
Chairs: Pr. Paya Pasic (USA) & Pr. Marek Starczyk (Poland)			
Room: Main Auditorium			
Faculty Name	Lecture Title	Time	Duration
Pr. Ewa Milnerowicz-Nabzdyk (Poland)	Preventive procedures in bowel surgery for deep endometriosis reducing the risk of complications	11:30 - 13:00	15 Mins
Dr. Pawel Sekierski (Poland)	Types of complications in bowel surgery - diagnosis and treatment		15 Mins
Pr. Krzysztof Galczyński (Poland)	The role of microbiome, diet, BRAS protocol, supplements in reducing the risk of complications		15 Mins
Pr. Gernot Hudelist (Austria)	The LARS problem in patients with bowel deep endometriosis - does it exist before surgery or is it a consequence of surgery?		15 Mins
Dr. Shaheen Khazali (UK)	Does the use of a robot reduce the number of complications or improve the effectiveness of surgery in bowel surgery in deep endometriosis compared to laparoscopy?		15 Mins
All Faculties	Q&A and Discussion		15 Mins
<i>Keynote lecture with Pr. Ertan titled: (13:00 - 13:20)</i>			
<i>"Do we need endometriosis centres to look after women with endometriosis?"</i>			
Friday, June 19, 2026			
ROBOTS IN ENDOMETRIOSIS – DEBATE			
Chairs: Dr. Shaheen Khazali (UK) & Dr. Charles Miller (USA)			
Room: Main Auditorium			
Faculty Name	Lecture Title	Time	Duration
Dr. Jacek Doniec (Poland)	What does robotic surgery gives us in a surgery of deep endometriosis	14:00 - 15:30	10 Mins
Pr. Paya Pasic (USA)	My opinion about robotic surgery in endometriosis		10 Mins
Dr. Shaheen Khazali (UK)	My experience in robotic surgery in endometriosis.		10 Mins
Pr. Arnaud Wattiez (UAE)	Why do I prefer laparoscopy than robot in endometriosis surgery?		10 Mins
Pr. Mario Malzoni (Italy)	Why do I prefer laparoscopy than robot in endometriosis surgery?		10 Mins
Pr. Gaby Moawad (USA)	Why I am so keen on robotic surgery in endometriosis?		10 Mins
All Faculties	Consensus – pros / cons Q&A and Discussion		10 Mins
Friday, June 19, 2026			
RELATIVE DATA AND TRUE VALUE IN MEDICINE			
Chairs: Dr. Anastasia Ussia (Italy) & Pr. Ewa Milnerowicz - Nabzdyk (Poland)			
Room: Main Auditorium			
Faculty Name	Lecture Title	Time	Duration
Pr. Philippe Koninkx (Belgium)	Why do we have distance to the results of scientific research, how to maneuver randomization and inclusion and exclusion criteria to obtain excellent results of work	16:30 - 18:00	15 Mins
Dr. Istvan Argay (Hungary)	How to build a great team		15 Mins
Pr. Arnaud Wattiez (UAE)	The secret of a perfect leader - To inspire, to instill passion, to keep together a team		15 Mins
Dr. Pascale George (France)	Women of alpinism: the examples of how dedication and passion can overcome all prejudices and reach every peak		15 Mins
Pr. Osama Shawki (Egypt)	Psychology of success		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
MASTERING OVARIAN FUNCTION			
Chairs: Dr. Joana Faria (Portugal) & Dr. Maciej Pliszkiwicz (Poland)			
Room: Breakout Room C			
Faculty Name	Lecture Title	Time	Duration
Dr. Jaroslaw Kaczyński (Poland)	The most preventative stimulation protocols for ovarian function	10:00 - 11:30	15 Mins
Dr. Zainab Hakim (UAE)	The most preventative surgical procedures for ovarian function		15 Mins
Pr. Grigoris Gimbizis (Greece) (Online)	When to preserve ovarian cells (the eggs) before or after surgery? Is it crucial for the fertility success?		15 Mins
Dr. Valentina Chiappa (Italy)	When can a lesion suspected of endometrioma be malignant?		15 Mins
Dr. Charles Miller (USA)	ENDOMETRIOVA – what is missing in traditional decision tree		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
ABDOMINAL WALL ENDOMETRIOSIS			
Chairs: Dr. Emilie Faller (France), Dr. Piotr Rubisz (Poland) & Lisollette Mettler (Germany)			
Room: Breakout Room C			
Faculty Name	Lecture Title	Time	Duration
Dr. Zofia Borowiec (Poland)	Types of procedures in abdominal wall endometriosis	11:30 - 13:00	15 Mins
Dr. Krzysztof Nowak (Poland)	Complications after implantation of fascial and intraperitoneal mesh		15 Mins
Dr. Anna Sępniewska (Italy)	When does an abdominal wall tumor raise suspicion of an oncological change?		15 Mins
Pr. Michał Pomorski (Poland)	Risk factors for abdominal wall endometriosis, how to avoid them		15 Mins
Dr. Andrzej Lehmann (Poland)	When a plastic surgeon is needed in abdominal wall endometriosis (complex cases)		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
MASTERING URETER SURGERY			
Chairs: Dr. Filip Osiniński (Poland) & Dr. Pascale George (France)			
Room: Breakout Room C			
Faculty Name	Lecture Title	Time	Duration
Dr. Ramon Rovira (Spain)	Ureter - a guide or a nightmare in advanced gynecological surgery? (lecture on anatomy, preparation principles, tips and tricks on how to find it)	14:00 - 15:30	15 Mins
Pr. Helder Ferreira (Portugal)	Techniques for preventing ureteral complications in advanced endometriosis		15 Mins
Pr. Ewa Milnerowicz-Nabzdyk (Poland)	Repair procedures in ureteral complications in endometriosis surgery		15 Mins
Dr. Marek Futowski (Poland)	Difficult cases, unusual solutions in ureteral surgery cases from real-life		15 Mins
Dr. Krzysztof Ratajczyk (Poland)	Does the robot significantly improve the quality of repair procedures on the ureters?		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
NERVES INVOLVEMENT IN ENDOMETRIOSIS			
Chairs: Pr. Gernot Hudelist (Austria) & Dr. Pawel Sekierski (Poland)			
Room: Breakout Room C			
Faculty Name	Lecture Title	Time	Duration
Pr. Benoit Rabischong (France)	Endometriosis with involvement of the hypogastric nerves, sciatic nerve, pudendal nerve, obturator nerve - symptoms, treatment methods, surgical pitfalls	16:30 - 18:00	15 Mins
Dr. Alessandra di Giovanni (Italy)	Imaging of nerve involvement in deep endometriosis		15 Mins
Pr. Gernot Hudelist (Austria)	Strategy of surgery in endometriosis with nerve entrapment		15 Mins
Dr. Shaheen Khazali (UK)	Role of robot in treatment of DE with nerve involvement		15 Mins
Dr. Iwanicki Michał (Poland)	Manual therapy, osteopathy and acupuncture...		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
VISUALIZATION OF ENDOMETRIOSIS			
Chairs: Dr. Anna Sępniewska (Italy) & Dr. Alessandra Di Giovanni (Italy)			
Room: Breakout Room A			
Faculty Name	Lecture Title	Time	Duration
Dr. Joanna Jacko (Poland)	What can we and cannot see in ultrasonography in deep endometriosis?	10:00 - 11:30	15 Mins
Dr. Katarzyna Pękalska (Poland)	What questions does MRI answer in deep endometriosis?		15 Mins
Pr. Jørg Keckstein (Germany)	ENZIAN scale - the best compilation of data from imaging studies, can anything else be improved?		15 Mins
Pr. Attila Bokor (Hungary)	The role of AI in diagnosing deep endometriosis - the future? or reality?		15 Mins
Dr. Susana Maia (Portugal)	Which of the additional tests are used to supplement the full preoperative diagnosis?		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
MASTERING BLADDER SURGERY			
Chairs: Dr. Susana Maia (Portugal) & Dr. Maciej Pliszkiwicz (Poland)			
Room: Breakout Room A			
Faculty Name	Lecture Title	Time	Duration
Dr. Filipa Osorio (Portugal)	What does "tailored surgery" mean in the surgery of bladder endometriosis?	11:30 - 13:00	15 Mins
Dr. Anastasia Ussia (Italy)	Complications in bladder endometriosis surgery - how to diagnose them and how to treat them		15 Mins
Dr. Marco Puga (Chile)	Prevention of complications in bladder surgery in deep endometriosis		15 Mins
Pr. Ewa Barcz (Poland)	Postoperative bladder dysfunction on deep endometriosis - prevention, treatment		15 Mins
Dr. Krzysztof Ratajczyk (Poland)	What do we need to remember in bladder surgery and what do we not have to worry about - from the perspective of a urologist		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
PARAMETRIAL ENDOMETRIOSIS			
Chairs: Pr. Attila Bokor (Hungary) & Pr. Andrzej Malinowski (Poland)			
Room: Breakout Room A			
Faculty Name	Lecture Title	Time	Duration
Dr. Maciej Pliszkiwicz (Poland)	Endometriosis with involvement of parametria, rectovaginal septum and uterosacral ligaments – symptoms, surgical techniques	14:00 - 15:30	18 Mins
Dr. Marco D'Asta (Italy)	Robotic platform – does it help in a treatment of parametrial DE?		18 Mins
Dr. Alessandra di Giovanni (Italy)	Imaging technique in diagnosis of parametrial DE		18 Mins
Pr. Juan Glabert (Spain)	Anatomy of a parametria - anterior, posterior and lateral – what we need to remember to predict complications in a surgery		18 Mins
TBC	TBC		
All Faculties	Q&A and Discussion		18 Mins
Friday, June 19, 2026			
QUALITY OF LIFE AFTER SURGERY			
Chairs: Dr. Sonia Barata (Portugal) & Dr. Marcin Misiek (Poland)			
Room: Breakout Room A			
Faculty Name	Lecture Title	Time	Duration
Dr. Tomasz Sachański (Poland)	Digestive system - the bright and dark sides of bowel resection procedures in deep endometriosis, how to deal with these problems?	16:30 - 18:00	15 Mins
Dr. Marek Futowski (Poland)	Urinary system - which postoperative symptoms pass and which may remain for longer and what then?		15 Mins
Pr. Krzysztof Nowosielski (Poland)	Sex after surgery in deep endometriosis – sexologist		15 Mins
Pr. Jaroslaw Maciarczyk (Poland)	Role of electrostimulation in treatment of neural pelvic dysfunction after surgery by the eyes of neurosurgeon – neurosurgeon		15 Mins
Dr. Cristina Redondo (Spain)	The impact of deep endometriosis procedures on the lifestyle of patients		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
ABC OF HYSTEROSCOPY – PRACTICAL COURSE (HANDS ON)			
Chair: Pr. Robert Jach (Poland)			
Room: Breakout Room B			
Faculty Name	Lecture Title	Time	Duration
All Faculties	Welcome, Introductions and Course Overview	10:00	60 Mins
Pr. Robert Jach (Poland) Dr. Andrzej Zmazyński (Poland) Pr. Michał Pomorski (Poland)	Installation and setup of hysteroscopic equipment. Techniques of introducing the hysteroscope into the uterine cavity. Recognition of anatomy and pathology in hysteroscopy. Performing endometrial biopsies and removing polyps. Techniques for correcting the cesarean section scar defect (NICHE) in hysteroscopy.		
All Faculties	Questions & Answers		
Practical Hands-on			
Pr. Robert Jach (Poland) Dr. Andrzej Zmazyński (Poland) Pr. Michał Pomorski (Poland)	Bipolar resectoscopy	11:00 - 13:30	150 Mins
	Bigatti Shaver mechanical hysteroscopy		
	Betocchi hysteroscope - vaginoscopic technique		
	Betocchi hysteroscope - perfecting the use of 30-degree optics		
	Betocchi hysteroscope - perfecting the use of 5Fr tools		
	Betocchi hysteroscope - vaginoscopic technique and removal of lesions from the uterine cavity using 5Fr tools.		
	Betocchi hysteroscope - vaginoscopic technique with a mini hysteroscope		
All Faculties	Medtronic TruClear mechanical hysteroscopy Virtual hysteroscopy – on simulator Questions & Answers		
Friday, June 19, 2026			
DIAPHRAGM			
Chairs: Pr. Ceana Nezhad (USA) & Pr. Pawel Knapp (Poland)			
Room: Breakout Room B			
Faculty Name	Lecture Title	Time	Duration
Dr. Maciej Pawłowski (Poland)	What symptoms should prompt the doctor to extend the examination to include detailed diagnostics of the diaphragm in deep endometriosis and what tests to recommend?	13:30 - 15:00	15 Mins
Pr. Nicolas Bourdel (France)	Tips and tricks in diaphragmatic endometriosis surgery		15 Mins
Pr. Gaby Moawad (USA)	The usefulness of robotic surgery in diaphragm endometriosis		15 Mins
Pr. Tomasz Marjański (Poland)	Complications of diaphragm surgery, how to avoid them? How to treat them?		15 Mins
Pr. Ceana Nezhad (USA)	Prevention of recurrences in diaphragm surgery, recurrent forms - how to treat them. When to operate? When conservative treatment and what?		15 Mins
All Faculties	Q&A and Discussion		15 Mins
Friday, June 19, 2026			
ONCOLOGY			
Chairs: Pr. Jan Kotarski (Poland), Dr. Valentina Chiappa (Italy), & Pr. Mariusz Bidziński (Poland)			
Room: Breakout Room B			
Faculty Name	Lecture Title	Time	Duration
Dr. Anna Sępniewska (Italy)	Diagnostic pitfalls in ultrasonography - features of malignancy of tumours in cases suspected of endometriosis	15:00 - 16:30	18 Mins
Dr. Katarzyna Pękalska (Poland)	Diagnostic pitfalls in MRI - features of malignancy of tumours in cases suspected of endometriosis		18 Mins
Dr. Gabriele Centini (Italy)	The influence of deep endometriosis on the development of ovarian and endometrial cancer		18 Mins
Pr. Anita Chudecka-Gaz (Poland)	Surgical management in the most common tumors derived from endometriosis - clear cell carcinoma, endometrioid ovarian carcinoma.		18 Mins
Pr. Mariusz Bidziński (Poland)	What's new in adjuvant ovarian cancer treatment		18 Mins
All Faculties	Q&A and Discussion		18 Mins
Friday, June 19, 2026			
MENOPAUSA AND ENDOMETRIOSIS			
Chairs: Pr. Krzysztof Galczyński (Poland) & Dr. Joana Faria (Portugal)			
Room: Breakout Room B			
Faculty Name	Lecture Title	Time	Duration
Dr. Fernanda Almeida (Brazil)	Does the menopause solve endometriosis problem?	16:30 - 18:00	15 Mins
Dr. Joana Faria (Portugal)	Non-surgical treatment of DE in menopausal women		15 Mins
Dr. Emilie Faller (France)	Surgical management of deep endometriosis in menopausal women		15 Mins
Dr. Joao Alves (Portugal)	Are the recurrence of DE possible in menopausal age after radical surgical treatment?		15 Mins
Pr. Andrzej Milewicz (Poland)	Vitamin D		15 Mins
All Faculties	Q&A and Discussion		15 Mins
